

TWINWOODS

ESTATE

Single Vineyard, Estate Cabernet Sauvignon, 2016

The Twinwoods Vineyard is located in Margaret River, Western Australia, in the locality of Wilyabrup from where the best red wines, and Cabernet Sauvignon in particular are produced.

In 2016 the winter and spring conditions were favourable, and the summer was mild and mainly dry.

The Twinwoods Vineyard is primarily planted with Cabernet Sauvignon, which is divided into 4 individual blocks. The 4 blocks are picked, crushed and fermented separately, following which the wine is drained to 225 litre Fine Grained French oak Chateau styled barrels from specific Bordeaux barrel makers.

Each batch of Cabernet Sauvignon was kept separate and remained in barrel for 16 months before each component was individually assessed, blended and prepared for bottling.

Harvest Date	April 1 st & April 6 th 2016
Bottled	December 18 th 2017
Alcohol	14.2% v/v
pH	3.61
Total Acidity	6.4 g/l

The 2016 Twinwoods Cabernet Sauvignon is deep red in colour and displays a cassis / cedar complex aroma. The core flavours of the wine are elegant with soft grainy tannins and a long balanced and elegant finish.

Twinwoods is made as a structured red wine capable of at least 10 years of bottle maturation.

Twinwoods Cabernet Sauvignon is a good an excellent match for red meats either grilled, backed or slow cooked. To be enjoyed with fine food and good friends.
